

# Travel Advice

- 1) Interview someone about his/her hometown (or a place he/she has visited). Don't interview someone from your own country! Ask all of the questions below (1-14) and any others you think of (15 & 16). Write down the answers.
- 2) On Wednesday, give the class advice on visiting the place. Use the phrases from p. 98 in your book. You will only have three minutes to talk, so choose the most useful or surprising advice!
