

# Vocabulary Pretest, August 22, 2007

Name: \_\_\_\_\_

Write the following numbers in words.

- 0) 1                                    one
- 1) 0                                    \_\_\_\_\_
- 2) 10                                   \_\_\_\_\_
- 3) 20                                   \_\_\_\_\_
- 4) 1000                                \_\_\_\_\_
- 5) 100                                   \_\_\_\_\_
- 6) 1,000,000                        \_\_\_\_\_
- 7) 20,000                             \_\_\_\_\_
- 8) 9,345,321                         \_\_\_\_\_

Write answers to the following in words, not numbers.

- 0) One plus one equals            two
- 1) Multiply three and four.
- 2) Six divided by two equals
- 3) The square root of four is
- 4) Add five and six.
- 5) Subtract two from seven.
- 6) Three squared equals
- 7) Three minus four equals
- 8) Two times three equals
- 9) The average of three and five is
- 10) Divide eight by four.
- 11) Two to the power of three equals

Explain in words how you solved problem 11.

Fill in the table by writing each set of symbols two ways. See number 0 for an example.

Number	Symbols	Reading	Order
0	$1 + 1$	One plus one	Add one and one.
1	$8 \div 4$		
2	$\sqrt{9}$		
3	$8 \times 3$		
4	$5^r$		
5	$7 - 4$		
6	$\sqrt{r}$		
7	$\sqrt[3]{27}$		

Write the name of each shape.
