0	Retail & Fashion Personal Don't worry, you can always change you	ur selection	later,	or click here to view <u>all templates</u>	

5. Find a template you like and click "Edit."

Hello, anaphoramsu Templates Explore Features My Account Premium Support @ English V Log out

Pick the Portfolio website template you love

6. You'll see a video that gives you some tips on how to use the editor. When you're finished watching, click the "X" to close it.

7. While you are editing, a box will pop up that asks you to save. Give your site a name and click "Save Now."

•	It's time to save your work and name your site
	portfolio Save Now http://anaphoramsu.wix.com/portfolio
	 You can change your site name later or Connect your own personal domain i.e. (www.mydomain.com)
	 Don't worry, your site is still private and will only be shown to the world when you choose to publish it.
	Not now thank you, continue editing
•	

8. Wait for the site to finish saving, then click "OK."

9. To edit any element on the site, double-click it. When you edit text, you can use the tools to change the text itself, fonts, font sizes, add links, etc. You can also resize the textbox.

10. When you double-click an image, you can choose from a library of images to replace it with. You can also add your own images by clicking "Upload Images."

11. Select an image from your computer, click it, then click "Change Image."
